

Activity “Hackathon in Digital Communication and Literacy”

28th of September – 03rd of October 2023

Meet the Professors

António Coelho (acoelho@fe.up.pt)

Faculty of Engineering of the University of Porto (FEUP)

António Coelho is an Associate Professor with Habilitation at the Department of Informatics Engineering of the Faculty of Engineering (FEUP), University of Porto (UP), where he teaches Computer Graphics, Programming, and Digital Games.

He is the academic Leader of the WP4 at EUGLOH European University Alliance and also the director of the Doctoral Program in Digital Media at the University of Porto.

He is also a Senior Researcher at the Center for Human-Centered Computing and Information Science (HumanISE) of INESC TEC where he is the coordinator of the Computer Graphics and Virtual Environments area. His research interests are in the areas of Computer Graphics, Serious Games, and Geospatial Systems.

Tiago Gama Rocha (tiagogamarocha@gmail.com)

Faculty of Engineering of the University of Porto (FEUP)

Tiago Gama Rocha is a hackathon specialist, creative strategist and producer, collaboration evangelist, lecturer, mentor, and entrepreneur. He strives to inspire future generations as a lecturer at Faculdade de Engenharia da Universidade do Porto and Porto Business School. His Ph.D. in Digital Media by the UTAustin|Portugal Program strengthened his role as an interdisciplinary researcher, having since co-founded several innovative collaborative projects, such as EMERGENCE Hackathon, Openfield Creative Lab, and [nome inglês com style].

He is known for organizing intensive bootcamps and hackathons experiences, with the aim of training researchers and industry professionals to apply value-producing innovation methodologies that seek to minimize the amount of resources needed to validate if ideas have merit in the real world.
